

CITY OF THE VILLAGE OF CLARKSTON
Historic District Commission
Certificate of Appropriateness

Plans for: 15 East Church Street
Owner: Anke Sturhahn

Plans approved, with conditions, by the Commission on June 1, 2010.

This Commission is pleased to grant a conditional Certificate of Appropriateness for proposed work at 15 East Church, after having met the Ten Standards of Rehabilitation issued by the Department of the Interior. This will allow you to secure your building permit if necessary for your projects.

The asbestos siding of the house is to be replaced with lapped horizontal wooden siding in a size to be determined, approximately seven or so inches. Commission member Melissa Luginski will supply a piece of properly sized wood. The siding is to be milled and applied by the homeowner.

Traditional rounded gutters and downspouts are approved. Porch posts design and size are to be determined with the help of Commission member Kevin Harrison.

Please contact the Commission when you are ready to cut your siding and when you are prepared to begin work on the porch posts.

The members of the Commission thank you for your application, and we wish you well with your project.

Charlotte Cooper, Chairperson
