

CITY OF THE VILLAGE OF CLARKSTON
Historic District Commission
Certificate of Appropriateness

Plans for: 5 S. Main Street
Applicant/Owner: Jim Sherman

Plans approved by the Commission on November 12, 2013.

This Commission is pleased to grant a Certificate of Appropriateness for proposed work, specifically as presented, at 5 S. Main Street. The Commission approves the plans that include:

- Installation of a county receiver for community "Wi-fi" Internet service.
- The device should be installed in mortar, not brick if installation happens to be on the east side of the building. Please, no holes in brick.
- The more inconspicuous the location the better, so as not to distract from the look, tone and appearance of the historic district.
- When the device ceases to be in use, it must be removed within a reasonably quick amount of time and the building should be properly patched to protect its historic integrity.

The members of the Commission thank you for your application, and we wish you well with your project. Please contact us if you make any additions or changes to your plans.

Cara Catalo, Acting Chairperson

Clarkston Historic District - Project Detail Sheet

Address or Property Description S South Main
the Clarkston News building

Applicant: Jim Sherman
