This Commission approves amending a Certificate of Appropriateness for 61 E. Washington to allow the removal of the "abandoned" chimney, as shown in a photo provided by Ms. Prater. Two other chimneys, which serve two existing fireplaces, will remain.

This Certificate of Appropriateness is not synonymous with a building permit. The members of the Commission thank you for your application, and we wish you well with your project. Please contact us if you make any additions or alterations to your plans.

Marcy and Carol:

I wanted to make sure that you have this on hand if Sy stops in today. The CoA amendment for 61 E. Washington was granted so the homeowners/contractor can go ahead and remove the abandoned chimney as mentioned by the homeowner. I'm including the photo she provided to be attached with the amendment. I can bring the original CoA to the office later today when I return the office keys. Thank you.
